

Educational and Training Boards Schools

National Parents Association.

Serving the needs of parents for over 35 years.

Attn: All Parents Associations.

Hi All,

As a result of the retirement of the Male parent representative on the board of CMETB we are seeking nominations to fill this position. There are only 9 months left to serve on this Board.

We would appreciate if you could make all your parents aware of the situation and forward on any nominations on to us.

The role of a parents representative is an important one ensuring our voices are heard on the main Etb boards. Parents representatives are given full support through regular meetings with fellow board representatives.

Yours Sincerely,

AnnMarie Roche,

Secretary.
