Dear parents,

2023 Home-Based Summer Programme to Support the Education or Care Needs of Students with Complex Special Educational Needs

We are writing to you as we received on the Home-Based Summer Programme for students in mainstream classes in post primary schools who are accessing the highest level of the continuum of support (i.e. School Support Plus/for a Few). Students who are eligible include students with Autism, Down syndrome, sensory impairments, and other needs. Please see more information here <https://www.gov.ie/en/publication/a0e87-summer-provision-home-based-programme/>

Unfortunately, we are not able to offer the school-based scheme but will support the home-based programme in any way we can.

If you feel that your son/daughter would benefit from this supplementary support, please use the forms attached to claim for supplementary support tutor. When you have completed this form, please bring it to school and we will submit it to the Department. They will then issue a sanction email and Grant Claim form directly to your email address provided. Once the sanction email has been received you may engage the services of a teacher/SNA.

Hope you have a lovely summer,

Le meas,

Kaye Duffy
